If we are with patients or not available, please leave a message on our voice mail and we will return your call as soon as possible or on the next business day. **Office hours above except for holiday office closures.*

APPOINTMENTS/CANCELLATIONS

To ensure quality care, ICRM's team of physicians do not treat patients they have not seen (i.e. will not call in prescriptions or offer medical advice for patients prior to an initial office visit). YOU WILL BE CHARGED A $50.00 CANCELLATION FEE WHICH IS NOT REIMBURSABLE BY INSURANCE.

Because clinic days are often fully booked weeks in advance, it is our policy that ***cancellations must be made within 24 hours for existing patient appointments and 48 hours for new patient appointments.*** Please let us know if you are unable to make your appointment and we will be happy to reschedule for you at your convenience. ***If you do not call and cancel your appointment a $50.00 fee will be charged.*** These charges are patient's responsibility and are not reimbursable by insurance. ***After the third late cancellation and/or no show we will ask you to seek care elsewhere.***

INSURANCE

ICRM is a pay at time of service clinic. As a courtesy to our patients, ICRM will provide you forms and billing codes that you can use to file claims to your insurance carrier.

Please be advised that ICRM does not participate with Medicare. Medicare patients will be required to sign a self-pay contract that requires payment at time of service at regular clinic rates.

PAYMENTS

ICRM accepts cash, personal checks, MasterCard, Visa, Discover and American Express. Payment can be made to ICRM and sent to 868 E Riverside Drive, Suite #170, Eagle, Idaho 83616.

Since we are a pay at time of service clinic, it isn't likely you will have any outstanding balance. Accounts in poor standing will be outsourced to a third party for the purposes of collection.

FORMS/LETTERS

We understand that, at times, various forms or letters may be required to assist you with your healthcare needs. The staff at ICRM will be happy to complete forms and provide medical letters as necessary upon your request. However, because this can be time-consuming, fees for this service may apply. While these charges vary, they generally range from $10.00-$50.00 per form. Costs will be discussed in advance and prepayment is required. *Please allow 10-14 business days for completion of requested forms/letters.*

MEDICAL RECORDS

Per HIPAA guidelines, copies of medical records must be requested in writing. To ensure your privacy, a Release of Medical Information must be completed and signed prior to receipt of these materials. All patients can request a copy of their medical records one time, free of charge. Additional copies may be requested for $1.00 a page for the first 25 pages, and $0.25 for each additional page. Payment is required at time of pick-up/delivery. Legally, medical offices have up to 30 days to complete requests for records. However, ICRM will put forth every effort to respond to these requests promptly.

Bio-identical Hormone Replacement Therapy is the use of human bio-identical hormones (hormones which are identical to the hormones in your body) to augment levels of these hormones in the body which decline with the aging process. The goal is to bring these hormones to more youthful and balanced levels, and thereby, improve quality of life. Medical evidence suggests that many of the consequences of aging are secondary to the declining level of these hormones and that restoring levels into a youthful range greatly improves functionality, energy and helps to alleviate signs and symptoms of age related diseases. While orthodox medicine may not officially endorse this approach, the medical literature certainly supports it with a plethora of studies and date rendering. **BHRT is medically evidence based treatment.**

As with any therapy, there are numbers of contra-indications, cautions and caveats prior to treatment, as well as serum level determination and dosage adjustments after treatment is initiated. Your provider will work closely with you to reach the optimal level for you!

I understand the foregoing and consent to therapy.
