## Price Adjustment Beginning September 1<sup>st</sup>, 2024

New Patient Exam - \$550

Established Patient Follow up - \$350

Last Price adjustment was in August of 2021

## Pharmacy Tips:

- **Compounding pharmacies are more reliable than traditional pharmacies.** *They are easier for you and our office to work with.*
- **Please call your pharmacy to request RX refills** prior to calling our office.
- We refill all requests daily M-W, please take this into account when running low.
- Testosterone is considered a controlled substance, and prescriptions are only good for 6 months.
- Non compounding pharmacies are guilty of saying they have sent refill requests when we have no record. If it has been a while and you are still waiting, call our office.

## Office Hours

Monday – Wednesday 9-5pm

Occasionally Dr Haake will see patients on Thursdays.

Office is closed major holidays and the week after Christmas.

Dr Haake will periodically take time off throughout the year. We will do our best to timely communicate and fill prescription refill requests during his absence.

If requesting a **call back** from our office

- Please answer the phone
- Call may be from the main or alternate numbers
- Whenever possible Debbie or Becky will answer questions on behalf of Dr Haake

## Laboratory tips:

- **IT IS PATIENT'S RESPONSIBILITY TO BRING THE LAB REQUISITION TO THE LAB**
- **Take photo of Lab requisition given at appointment**
- Lab reqs are attached to the bright yellow paper given at your appointment or attached to the document emailed with receipt in the case of a phone consultation.
- Please use your most recent lab requisition
- Lab costs vary from lab to lab, some insurance policies cover, some don't. Sometimes cash pay is the most cost effective.

## Supplements/Nutraceuticals/Peptides

- Human grade peptides will soon be available to purchase from our office. Dr Haake recommends these peptides as they will be guaranteed and come from a US pharmacy
- Supplements will soon be available to purchase online using the Fullscript link on our website. They will be shipped to your home.
